

## **TABLE OF CONTENTS (DETAILED)**

### **I. INTRODUCTION AND SYNOPSIS**

- A. Introduction and Limitations on Analysis
- B. Demographics and Key Findings
- C. Summary of Demographics and Community Benefit
  - 1. Patient Mix
  - 2. Community Benefit Expenditures (percentages of total revenues)
  - 3. Community Benefit Expenditures Mix (uncompensated care, medical education and training, medical research, community programs)
  - 4. Uncompensated Care (percentages of total revenues)
  - 5. Comparison of Reported Uncompensated Care and Community Benefit Expenditures against Specified Percentage of Revenue Levels
  - 6. Revenues vs. Expenses
- D. Executive Compensation

### **II. INTERIM REPORT AND ADDITIONAL WORK UNDERTAKEN FOR FINAL REPORT**

- A. Questionnaire Content Included in Final Report
- B. Significant Adjustments to the Interim Report
- C. Breakdown of Hospitals by Community Types (High Population, Critical Access Hospital (CAH), Rural (non-CAH), and Other Urban and Suburban Hospitals)
- D. Breakdown of Hospitals by Revenue Size
- E. Hospitals Reporting Largest Amounts of Medical Research Expenditures
- F. Analysis of Bad Debt and Shortfalls as Uncompensated Care
- G. Comparison of Reported Community Benefit Expenditures Across Communities Based on Income and Insurance Coverage Levels
- H. Executive Compensation
- I. Form 990, Schedule H, Hospitals

### **III. BACKGROUND ON U.S. HOSPITALS AND PRIOR STUDIES**

- A. Background on U.S. Hospitals
- B. Other Studies on Community Benefit Provided by Nonprofit Hospitals
- C. Study on Executive Compensation of Nonprofit Hospitals

### **IV. DEMOGRAPHICS - PATIENT MIX, REVENUES, EXCESS REVENUES**

- A. Patient Insurance Coverage
- B. Revenues and Excess Revenues By Revenue Size
- C. Revenues and Excess Revenues by Community Type
- D. Relationship Between Community Type and Revenue Size
- E. Groupings by Excess Revenues

## V. DIFFERENCES IN COMMUNITY BENEFIT REPORTING ACROSS CERTAIN DEMOGRAPHICS - COMMUNITY TYPES, REVENUE SIZE

### A. Introduction

### B. Comparison of Certain Information By Community Type

1. Summary of Key Findings – Community Type
2. Patient Mix (Based on Type of Insurance Coverage) by Community Type
3. Number and Percentage of Hospitals Reporting Community Benefit Expenditures, by Expenditure Type within Community Type
4. Aggregate Uncompensated Care by Community Type
5. Aggregate Medical Research Expenditures by Community Type
6. Aggregate Medical Education and Training Expenditures by Community Type
7. Aggregate Community Program Expenditures by Community Type
8. Aggregate Community Benefit Expenditures by Community Type
9. Aggregate Community Benefit Expenditures as a Percentage of Revenues

### C. Comparisons of Certain Information By Annual Revenue Size

1. Summary of Key Findings – Revenue Size
2. Patient Mix (Based on Type of Insurance Coverage) by Revenue Size
3. Number and Percentage of Hospitals Reporting Community Benefit Expenditures, by Expenditure Type within Revenue Size
4. Aggregate Uncompensated Care by Revenue Size
5. Aggregate Medical Research Expenditures by Revenue Size
6. Aggregate Medical Education and Training Expenditures by Revenue Size
7. Aggregate Community Program Expenditures by Revenue Size
8. Aggregate Community Benefit Expenditures by Revenue Size
9. Aggregate Community Benefit Expenditures as a Percentage of Revenues

## VI. OTHER COMMUNITY BENEFIT REPORTING - BAD DEBT AND SHORTFALLS, RESEARCH, INCOME AND HEALTH INSURANCE COVERAGE LEVELS

### A. Overview and Summary of Key Findings

### B. Hospitals Reporting Largest Amounts of Medical Research Expenditures

### C. Analysis of Bad Debt and Shortfalls as Uncompensated Care

1. Reporting of Shortfalls and Bad Debt by Community Type
2. Reporting of Shortfalls and Bad Debt by Revenue Size
3. Reporting Differences when Shortfalls and Bad Debts are Included in Uncompensated Care

- D. Comparison of Community Benefit Expenditures Across Various Income and Health Insurance Coverage Levels
  - 1. Overview
  - 2. Community Benefit Expenditures Across Community Per Capita Income Levels
  - 3. Community Benefit Expenditures Across Community Health Insurance Coverage Levels
  - 4. Interaction Between Per Capita Income and Health Insurance Coverage

## VII. EXECUTIVE COMPENSATION

- A. Overview
- B. Summary of Compensation Practices as Reported by Responding Hospitals
- C. Summary of Examinations
  - 1. Overview of Examination Component of the Project
  - 2. Examination Results

## VIII. FORM 990, SCHEDULE H, HOSPITALS

- A. Overview of Schedule H, Hospitals
- B. Description of Schedule H, Parts I through VI
- C. Transition Relief
- D. Promoting Uniform Reporting through Schedule H

## IX. SUMMARY OF FINDINGS BY DEMOGRAPHIC

## X. KEY OBSERVATIONS AND LESSONS LEARNED

## APPENDICES

- A. List of Charts and Tables
- B. Form 13790, Compliance Check Questionnaire Tax-Exempt Hospitals
- C. Form 990, Schedule H, Hospitals
